

2025

Shaanxi Sirui Technology Co., Ltd. - Corporate Overview and Strategic Vision

Samples Support

Sales@sirui-tech.com

No. 2555, Chanba Avenue, Chanba Ecological Zone, Xi'an, Shaanxi Province

01

Electrical transformer

Encapsulated transformer
High frequency transformer
High voltage ignition transformer
LAN transformer

02

Power inductor

Common Mode Choke
Through- hole Inductor
Air Inductor
SMD Inductor

03

Current sensor

Split Core Current Transformer
Hall Current Transformer
Mini **PCB** current transformer
Zero phase current transformer

04

Magnetic core

Alloy powder core
Mn-Zn ferrite core
Ni-Zn ferrite core
Nanocrystalline core

Power Inductors (SMD & through- hole product showcases)

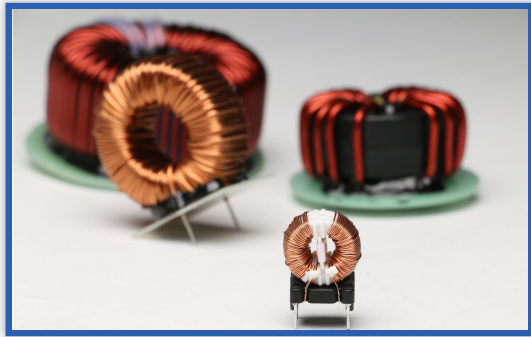

Common Mode Choke
(noise filtering)

Through- hole Inductor
(high- power applications)

SMD Inductor
(miniaturized surface-mount design)

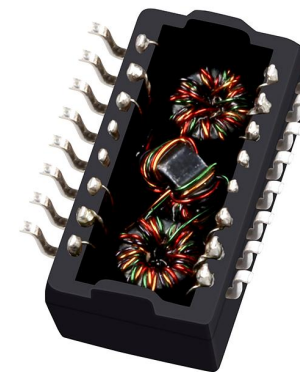

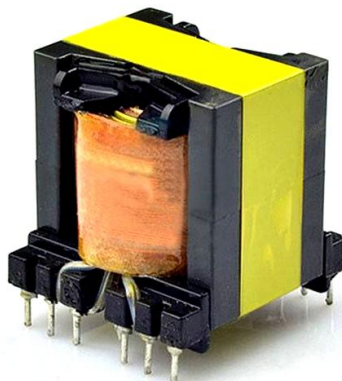

Air Inductor
(EMI/RFI suppression)

Electrical Transformers (Encapsulated, High-frequency designs)

**Encapsulated
transformer**

**High frequency
transformer**

**High voltage ignition
transformer**

LAN transformer

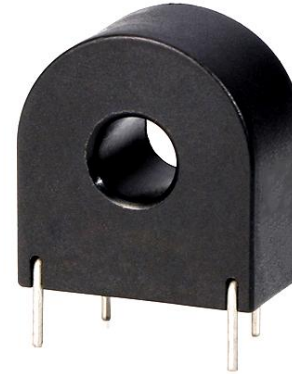

Current Sensors (Split- core & High- frequency variants)

**Split Core Current
Transformer**

Hall Current Transformer

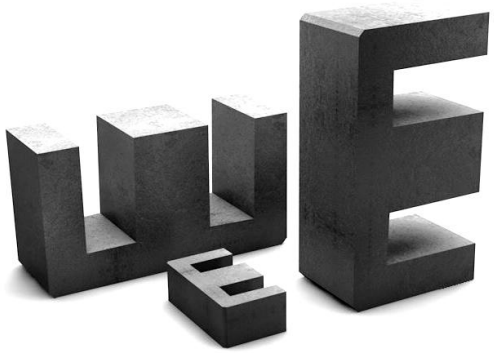

**Mini PCB current
transformer**

**Zero phase current
transformer**

Magnetic Cores (Ferrite, Sendust, Nano, Amorphous material)

Mn-Zn ferrite core

Ni-Zn ferrite core

Alloy powder core

Nanocrystalline core
